Number to dial in for Dial-up: 10741 0840 840 111

- Prices are specified in CHF including VAT.
- All prices calculated in 10-centimes units.
- Weekend charges also apply to official holidays.
- Classic Internet connection takes place using a modem which dials in each time an Internet session is started, the Internet pages are therefore displayed very slowly. This is why we recommend DSL start.
