- > Here you can see the costs incurred at a glance.
- > Specify a personal **cost limit for data charges** abroad. When this threshold is reached, your connection will be blocked for data roaming in the current month.
- > The default cost limit is set at 200.–; 100.– for young people.
- > Define a threshold which – when reached – will trigger **notification via SMS**.
- > While abroad you can order data packages at any time as and when needed.
