Born 1961
Nationality Swiss and Italian
Federal VET Diploma in Metalworking
Certified NPO Manager
(Association and Non-Profit Management)

Daniel Münger has been a member of the Swisscom Board of Directors since 2024. After completing his training in metalworking, he continued his professional training to become a certified NPO manager (association and non-profit management). He started his career in 1983 with the PTT trade union (the predecessor organisation of syndicom), where he worked in cable installation and trained as a telecommunications specialist. After several years in voluntary positions with PTT, he began his professional career with employee associations in 1996. From 2002 to 2023, he worked in senior positions for different trade unions, most recently as chairman of the syndicom trade union, which resulted from a merger between the communications and comedia unions.
