Fastweb postpones Annual General Meeting: General Meeting of Swisscom will take place as planned

Fastweb has postponed this year's Annual General Meeting of Shareholders from 24 March 2010 to 22 April 2010. This measure was taken in response to a decision reached today by the Fastweb Board of Directors, which wishes to further clarify the potential impact of ongoing investigations.

Today's decision will not affect the 2009 financial results of Swisscom, nor Swisscom's Annual General Meeting which will be held as scheduled on 27 April 2010.
