swisscom

ANN 41100001

Preparation: Steps 1 – 2

- 1 Router and WLAN must be on.

Note: Your computer should not be connected to the internet (via cable) during the installation.

- 2 Switch on your computer and insert the **USB WLAN adapter** into any free **USB port**.

«Use an extension cord if your computer is placed under a desk.»

The hardware will be recognised after a while and the USB LED on the adapter will light up in green.

«**Note:** On the CD you can find a detailed instructions manual.»

Install the software

Prerequisite: did you execute steps 1 – 2?

- 3 Usually, the installation program starts automatically in about two minutes.

Note: If this is not the case, insert the enclosed CD into your CD drive and search for the program „FIWLAN USB Stick“ under:

> **Windows XP:** > Start > Desktop > FIWLAN USB Stick > English

> **Windows Vista und 7:** > Start > Computer > FIWLAN USB Stick > English

Launch „Setup“ by double-clicking on it.

«Follow the instructions printed on the CD cover, in case your computer does not have a CD drive.»

«If you have a 64 Bits computer, please use “Setup” in the folder: Windows_7_Vista_XP_x64.»

- 4 Follow the instructions displayed on your screen.

«If you are asked whether you wish to continue installing a program that has not been digitally signed by Microsoft, just click „continue installation“.»

After the installation is complete, a window will pop up and display all the available WLAN networks in your proximity.

Continue on the following page.

5 Install the WLAN

«If the WPS symbol  appears next to your WLAN network, this means that your router has the WPS function.»

Select your WLAN network, click on „Select” and install your WLAN with or without WPS.

6 Select (see page 17):

6a to install **with WPS** 

6b to install **without WPS**

6a Select „Push Button method“.

Select „**Start WPS**“.

Keep the **WLAN button of your router** pressed for **5 seconds**. The WLAN button (or WLAN LED) will start to blink.

Wait until the successful installation is displayed.

6b Enter your „WLAN key”* and click „OK“.

«*You can find your „WLAN key” under www.swisscom.ch/login > my Details > Internet Access Data > WLAN.»

7

You have an **Internet connexion** if the USB WLAN adapter symbol  displayed on your bottom toolbar is green.

«To start the control program, click on the symbol .»

Hinweis: Eine ausführliche Anleitung befindet sich auf der Installations-CD. Sollten Sie beim Einrichten auf Probleme stossen, die Sie mit Hilfe dieser Anleitung nicht beheben können, wenden Sie sich bitte an die Gratisnummer 0800 800 800.

Remarque: Des instructions détaillées se trouvent sur le CD d'installation (seul. en allemand et en anglais). Lors de l'installation, si vous rencontrez des problèmes que vous ne pouvez pas résoudre en vous référant à ces instructions, vous pouvez appeler le numéro gratuit 0800 800 800 pour assistance.

Nota: Trovate Istruzioni dettagliate sul CD d'installazione (solo in tedesco e in inglese). Se durante la configurazione avete dei problemi che non possono essere risolti con questo opuscolo, siete pregati di chiamare il numero gratuito 0800 800 800.

Note: You can find detailed instructions on the installation CD. If during the installation you encounter problems that you cannot solve using this manual please contact our support line on this Toll free number 0800 800 800.

Lizenzbestimmungen

Um die für Ihr Produkt geltenden Lizenzbestimmungen einzusehen, öffnen Sie die Datei LICENSE.TXT auf der beiliegenden Produkt-CD.

FRITZ!WLAN USB Stick N erfüllt die Anforderungen der EU-Richtlinie 1999/5/EG (Richtlinie über Funkanlagen und Telekommunikationsendeinrichtungen, R&TTE) sowie der EU-Richtlinie 2009/125/EG (Richtlinie über umweltgerechte Gestaltung energiebetriebener Produkte). Die Konformität von FRITZ!WLAN USB Stick N mit den genannten Richtlinien wird durch das CE-Zeichen bestätigt. Die ausführliche CE-Konformitätserklärung finden Sie im Handbuch (PDF) im Internet unter: www.avm.de/Handbuecher. FRITZ!WLAN USB Stick N ist für die Verwendung in allen Ländern der Europäischen Union sowie in der Schweiz, in Norwegen und Island vorgesehen. In Frankreich ist nur der Betrieb in geschlossenen Räumen zulässig.

Dispositions de la licence

Pour lire les dispositions s'appliquant à votre produit, ouvrez le fichier «License.txt» se trouvant sur le CD de votre produit.

FRITZ!WLAN USB Stick N satisfait aux prescriptions de la directive communautaire 1999/5/CE (directive concernant les équipements hertziens et les équipements terminaux de télécommunications, dite directive R&TTE) ainsi que de la directive communautaire 2009/125/CE (écoconception applicables aux produits consommateurs d'énergie). La conformité de FRITZ!WLAN USB Stick N aux normes et directives mentionnées est confirmée par la marque CE de conformité. Pour une déclaration de conformité détaillée, veuillez vous reporter au manuel (PDF) que vous trouverez sur le site Internet suivant: www.avm.de/en/service/manuals. FRITZ!WLAN USB Stick N est destinée à une utilisation dans tous les pays de l'Union européenne ainsi qu'en Suisse, en Norvège et en Islande. En France, seule l'utilisation dans des lieux fermés est autorisée.

Condizioni di licenza

Per leggere le condizioni di licenza del prodotto aprire il file „License.txt“ del CD del prodotto in dotazione.

Il FRITZ!WLAN USB Stick N è conforme ai requisiti della direttiva UE 1999/5/CE (riguardante le apparecchiature radio e le apparecchiature terminali di telecomunicazione, R&TTE) come pure direttiva 2009/125/CE (progettazione ecocompatibile dei prodotti che consumano energia). La conformità del FRITZ!WLAN USB Stick N alle norme e alle direttive viene confermata dalla presenza del marchio di conformità CE. La dichiarazione di conformità CE dettagliata è riportata nel manuale (in formato PDF) e in Internet: www.avm.de/en/service/manuals. FRITZ!WLAN USB Stick N è adeguata all'impiego in tutti i Paesi dell'Unione Europea e in Svizzera, Norvegia e Islanda. In Francia ne è consentito l'impiego solo negli ambienti chiusi.

Licensing Terms

To view the licensing terms that apply to your product, open the "License.txt" file on the product CD included in the package.

FRITZ!WLAN USB Stick N satisfies the requirements of the EU directive 1999/5/EC (R&TTE Directive: Radio Equipment and Telecommunications Terminal Equipment) as well as the EU directive 2009/125/EC (Directive on ecodesign requirements for energy-related products). The CE symbol confirms that the FRITZ!WLAN USB Stick N conforms with the above mentioned regulations. The comprehensive declaration of CE conformity is included in the manual (PDF) in the Internet under: www.avm.de/en/service/manuals. FRITZ!WLAN USB Stick N is designed for use in all countries of the European Union and in Switzerland, Norway and Iceland. In France only indoor operation is permitted. Product illustrations similar. Subject to technical modifications and errors.
