WSG

Pre-Information cloud-based Radius Server

Swisscom is currently developing a new, cloud-based Radius Server solution for BBCS.

We will inform you in detail about the changeover in spring.

Unfortunately, we are not yet able to provide you with more detailed information, as the tests are still ongoing and the results will still have an impact on the final solution.

WSG

Pre-Information Change of Interface

As part of the modernisation of WSG B2B, we are changing the B2B protocol from SOAP to a modern B2B REST architecture in the medium term.

In preparation for this step, we will start to publish the existing B2B REST documentation in the coming releases.

We will communicate about the definitive replacement at an early stage.
