

Curriculum Vitae

Christoph Aeschlimann

CEO Swisscom AG

Member of the Group Executive Board since February 2019

Born 1977

Swiss citizen

Degree in computer science (Dipl. Ing.), Federal Institute of Technology Lausanne

MBA, McGill University

Christoph Aeschlimann has been Head of Swisscom (Switzerland) Ltd, Chief Executive Officer of Swisscom Ltd and Chairman of the Group Executive Board since June 2022. He has a degree in computer science from the Swiss Federal Institute of Technology in Lausanne and an MBA from McGill University, Canada. He began his professional career as a software developer at financial services provider Odyssey. After a short period with innovation services provider Zühlke, he returned to Odyssey, where he held a number of management positions. He then joined software development company ERNI, where he worked in various managerial positions, initially as Managing Director Switzerland, then as CEO of the group. Christoph Aeschlimann joined Swisscom in 2019 as Head of the IT, Network and Infrastructure division and member of the Group Executive Board.
