<b>Global</b> Includes the USA, Canada, Australia and 43 other countries <sup>2</sup>									plus into the and within the Global Zone

<sup>1</sup> Data roaming: unlimited inclusive and for practically all users always with max. subscription speed  
Mobile data, SMS/MMS and telephony abroad and to abroad are included on an unlimited basis and at no extra cost. Where more than 500 MB per month are used, the data speed will be reduced to 0.2/0.1 Mbit/s, which will still be sufficient for applications such as e-mail, a calendar, surfing and apps. 99 % of our customers never fully utilise the 500 MB per month.

<sup>2</sup> You can find a detailed list of countries on [www.swisscom.ch/go](http://www.swisscom.ch/go)
