

Internet-Booster

Surf faster with the Internet-Booster

More performance

- > With the Internet-Booster, the Internet speed of the DSL line is combined with the fast 4G mobile network.
- > All home network devices benefit from the higher speed connection
- > Latest generation 5 GHz WLAN

Easy to install

- > Requirement: Internet-Box 2
- > Easiest **window mounting** thanks to innovative adhesive plates: press on briefly and vigorously – done
- > Fast **removal, no residue**; adhesive plates can be used again and again
- > Automatic connection to the 4G network: switch on, wait two minutes – done
- > Easy connection to the Internet-Box (WPS): Press 2 buttons, wait 15 minutes – done
- > (alternative connection per Ethernet cable possible)
