

Comparison of Swisscom HD-Phones

A fixed network connection (IP) is required for all Swisscom HD-Phones. All phones listed here can be directly connected to a Swisscom **Internet-Box**. Customers with a **Centro Business** can use the Yealink T46G or Nyon HD-Phone (only Centro Business 2.0). Customers with a **Centro grande** can use the Yealink T46G or Nyon HD-Phone Nyon (see page 2 for details).

Use of the HD-Phone Nyon with Centro grande

Centro grande

The Centro grande does not have an integrated base station. However the Nyon HD-Phone can be used in combination with the Rousseau 10 base station. Other wireless HD-Phones are not suitable.
