Unlimited Huawei Router B593s-22

Offline firmware update Huawei Router 593Bs-22

Step-by-step instructions

- 1. Make sure your laptop/computer is connected to the router via WLAN or Ethernet.
- Open a browser (e.g. Internet Explorer or Google Chrome) and enter http://192.168.1.1 or swisscom.mobile in the address bar and confirm by pressing the Enter button. This will take you to the login page for the router.
- 3. Log into the router with the user name (admin) and password.
