

Bundle Terms

- The Netflix service is provided to you by Netflix International B.V., a Netherlands limited liability company. The services included in the TV X offer are provided by Swisscom (Schweiz) AG ("Swisscom").
- In order to enjoy the Netflix service as part of your TV X offer, you will need to activate it by opening the Netflix App on your TV Box, completing the Netflix activation process there and accepting the Netflix Terms of Use in particular. However, as with all other TV X services, invoicing, and termination are governed by the Swisscom terms and conditions. In particular, being part of TV X, the Netflix service cannot be cancelled separately.
- If you already have an existing Netflix account, you can link it to your TV X offer when you activate Netflix as part of your TV X offer. Netflix will continue to charge you separately for your existing Netflix account until you link that account to your TV X offer. For any queries regarding your billing with Netflix for your existing Netflix account please contact Netflix directly.
- If you link an existing Netflix account to your TV X offer, terminating the TV X offer will not automatically cancel your Netflix membership, and Netflix will automatically resume charging your existing payment method that they have on file once your TV X offer ends. If you wish to review the details of your Netflix membership please visit the 'Account' pages on the Netflix website <https://www.netflix.com/youraccount>.
- Swisscom will share the email address registered to your TV X account with Netflix in order for Netflix to provide you with the Netflix service.
