Electronic registration and proxy-granting via the shareholders' portal

Instead of Sherpany, Computershare Switzerland Ltd, which already administers the Swisscom share register, will now also operate the Swisscom shareholders' portal on its behalf. Swisscom opted to change provider because it enables us to obtain all share-related services from a single source, reduce interfaces and thus cut costs. All shareholders who would like to use the shareholders' portal are invited to register anew.

The admission card to the Shareholders' Meeting can be ordered via the shareholders' portal once you have registered. You can also use the platform to authorise the independent voting proxy to vote in your name, issue instructions to the independent voting proxy or order a copy of the Annual Report or corporate brochure. A power of attorney to another shareholder entitled to vote can be given in writing with the registration form.

In addition, you can choose whether you would prefer future invitations to the Shareholders' Meeting and messages about the availability of the annual report to be sent electronically to your registered e-mail address or to continue to receive them by post at your correspondence address. Electronic mailing may be halted at any time. Should you decide to receive information by post, the registration dates shown below apply only to the 2018 Shareholders' Meeting. We will send you new registration data for the following Shareholders' Meeting.

Important note

Should you send proxy instructions to the independent voting proxy both electronically via the shareholders' portal and in writing, only the electronic instructions will be taken into account. The instructions can be amended at any time until **2 April 2018 at 11.59 p.m. CET**.
