

Electronic registration and proxy granting via the shareholders' platform

All shareholders who would like to use the shareholders' platform are invited to register.

The admission card to the Shareholders' Meeting can be ordered via the shareholders' platform once you have registered. You can also use the platform to authorise the independent voting proxy to vote in your name, issue instructions to the independent voting proxy and order the corporate brochure. A power of attorney to another shareholder entitled to vote can be given in writing with the registration form.

In addition, you can choose whether you would prefer future invitations to the Shareholders' Meeting and messages about the availability of the Annual Report to be sent electronically to your registered e-mail address or to continue to receive them by post at your correspondence address. Electronic mailing may be halted at any time. Should you decide to receive information by post, the registration dates shown below apply only to the 2020 Shareholders' Meeting. We will send you new registration data for the following Shareholders' Meeting.

Important note

Should you send instructions to the independent voting proxy both electronically via the shareholders' platform and in writing, only the electronic instructions will be taken into account. The instructions can be amended at any time until **4 April 2020 at 11.59 p.m. CET**.

Registration

1. Please go to <https://ip.computershare.ch/swisscom>.

Enter your shareholder number and password as indicated below.

Shareholder number

Password

If ***** is printed instead of the password, please use your personally chosen password.

2. Click on "Log in," then read and accept the General Terms & Conditions of Use. You can now order your ticket or authorise the independent voting proxy to vote in your name, order the corporate brochure and register for electronic invitation.

If you register for electronic invitation, your registration dates will remain valid. Please retain your letter for electronic registration and proxy granting via the shareholders' platform for the next Shareholders' Meeting.
