

Outlook without the need for your own server

Hosted Exchange Professionell

Hosted Exchange Professional with Exchange Server 2007: simple, professional, secure.

Now there's a way to simplify and optimise your internal and external communication. Thanks to Swisscom's Hosted Exchange Professional service based on Exchange Server 2007, you can now benefit from even greater functionality with Microsoft Outlook 2007/2010.

You can thus access your e-mails, appointments, address book (contacts) and notes securely, **wherever you are**, without needing to run Exchange Server 2007 yourself.

This is a highly flexible solution that can be adapted at any time to suit your needs by simply adding or removing mailboxes or options.

The advantages for you of Hosted Exchange Professional:

- Secure access to e-mail accounts, calendars, tasks and contacts irrespective of location
- No need for your own server
- You can retrieve all the latest Outlook data on your mobile devices
- Effective teamwork thanks to coordination in real time
- Free set-up of e-mail distribution lists
- Mailboxes for the management of car parks and conference rooms
- Team mailboxes: single e-mail address for external communication – effective control of internal e-mail processing and deputisation rules

- Automated backup and encrypted data transfer for comprehensive security
- Free access to Microsoft Outlook 2007/2010

Products

Basic subscription with a bluewin.ch or bluemail.ch e-mail address and 500 MB of storage space.

Standard subscription with your own domain, complete with e-mail address (@yourdomain.ch) and 2.5 GB of storage space.

The service and security package

includes all essential updates. Incoming e-mails are checked by a multi-stage virus scanner. An anti-spam filter protects you against unwanted e-mails. Data transfer is automatic and encrypted. Guaranteed availability of your data: regular backups guarantee that multiple copies of all your data are kept.

Installation

You can set up the service yourself or get a Swisscom partner to do it for you. Our SME Hotline can recommend a suitable Swisscom partner on request. (The installation partner's services will be charged separately). See www.swiccom.ch/sme for more information.
