WSG

Pre-Information Change of Interface

As part of the modernization of WSG B2B, we are changing the B2B protocol from SOAP to a modern B2B REST architecture in the medium term.

In preparation for this step, we will start to publish the existing B2B REST documentation in the coming releases.

We will communicate about the definitive replacement at an early stage.

Service Fulfillment

Additional qualification response

If a Swisscom order is pending for a BBCS-F service qualification, the following "qualification response" is issued:

CCQ "A pending FBC order already exists for this Socket ID / Plug Nr. Activation date = <date>"

Service Fulfillment

Adjustment of Predecessor DB due to Data Protection Law

Due to the amendments to the Data Protection Act, the following changes will be made to Predecessor DB:

- Entries with "Visibility = No" are only displayed to the ISP that provided the data.
- The predecessor data is deleted 6 months after the connection is disconnected.

Upcoming WSG Releases
