WSG Interface Update

Reminder Validity of the WSG XML Schema

The WSG XML scheme version must be updated in November and April to a version published in the last three months before.

WSG

Pre-Information Change of Interface

As part of the modernisation of WSG B2B, we are changing the B2B protocol from SOAP to a modern B2B REST architecture in the medium term.

In preparation for this step, we will start to publish the existing B2B REST documentation in the coming releases.

We will communicate about the definitive replacement at an early stage.
