WSG Service Fullfilment

Additional User comment

A new schema version is available to include the comment from the agent in the B2B response of the getOrderDetail operation.

The field is available in all order types in the current order as well as in the history.

B2B FUF schema for BBCS-Copper and BBCS-Fiber

Service Fulfillment

Change of the FTTH Rollout Information

Preliminary Information

In the course of the introduction of "Instant Migration (IM)", we are changing the FTTH rollout information ("55-lists") as of 1 November.

FttxCoverage	COMPLETED	created	20251010_55_FTTH_Ready_For_Marketing_Information.csv.gz
FttxCoverage	COMPLETED	created	20251009_55_FTTH_Ready_For_Order_Information.csv.gz

The following columns are also displayed in FTTx Coverage:

- Sad_Inst_Mig_Ind [Y/N]:
Indicates that IM is planned at this location
- Sad_Inst_Mig_Order_End_Dt [Date]:
Indicates the date up to which IM orders can be placed. IM Order Start Date is ISR which is already displayed in the list
- Sad_Inst_Mig_Inst_End_Dt [Date]:
Shows the date until which IM will be performed at this location

At the same time, the new glossary for the lists in the WSG is available for download.
