**WSG**

## Upgrade Testsystem

To ensure the test environment is up to date, the installation windows are adjusted as follows:

- Daily between 08:00 and 09:00 a.m.

Please note that upgrades will only be carried out as required.

## Service Fulfillment FIO Appointment Booking

Due to the complexity of meeting the deadlines of our installation partners and the low demand for the FIO Appointment function, we will no longer offer this option with the November 2021 release.

This optimization will enable us to respond even better to the needs of your end customers as well as improving the efficiency of our installation partners.
